VeriCHECK M600 Inspect

Taking identification to the next level

www.veridos.com

A device engineered for your needs

Our multi-functional, automated device is made for authorities who want to verify identity documents using a reliable and fast verification process.

Passengers bring it – you verify it

- ICAO 9303 documents
- Printed MRZs
- Contactless ID-1/3 smart cards
- 1D and 2D barcodes
- QR codes

Created by document verification experts with one goal in mind: Making secure document verification fast and simple.

VeriCHECK M600 Authority

The unique features

▪ **Reliable results** - In addition to the 600-dpi resolution, the VeriCHECK M600 provides balanced and smooth illumination of the identity document and its features -providing high-quality images.

▪ **Compact and long lasting** - The device is designed without any moving parts in its interior nor a hood. That, in combination with scratch-resistant glass enables its longevity. It is the perfect desktop device.

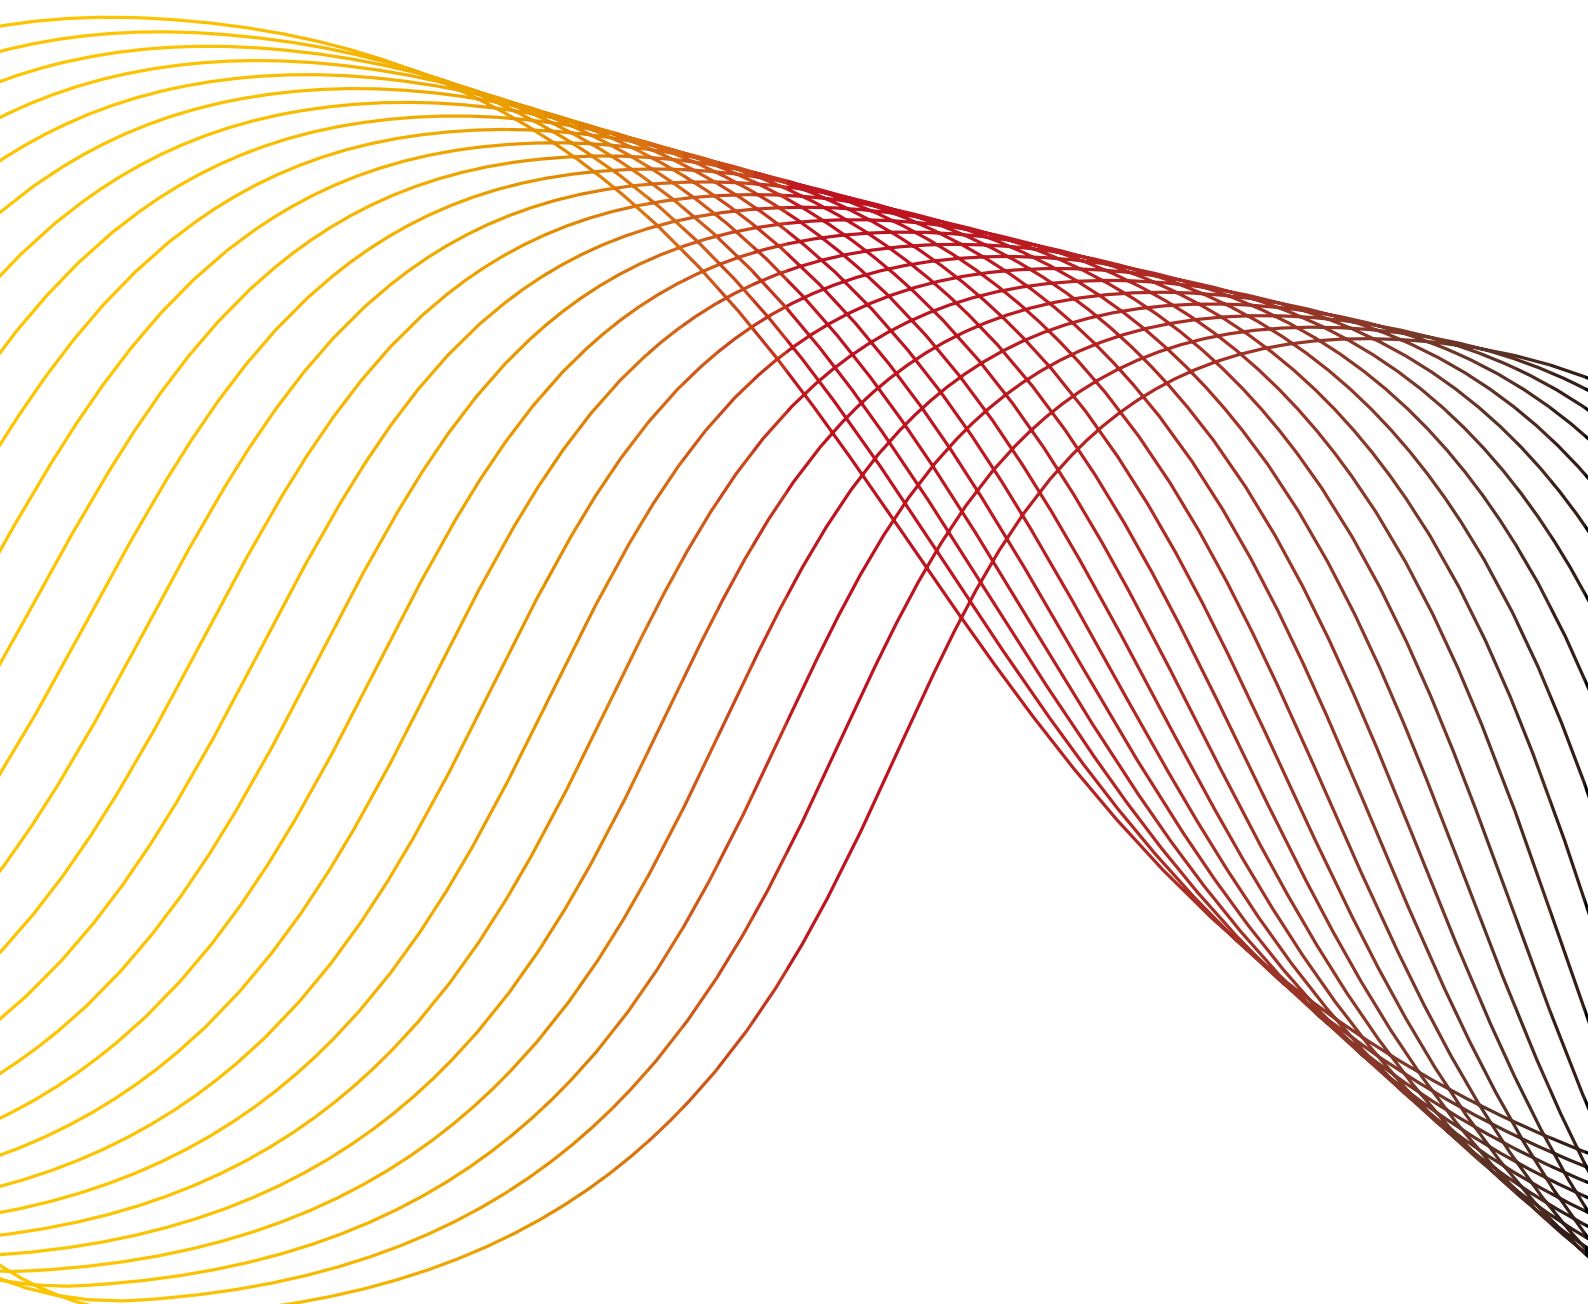

▪ **Intuitive usage** - Our solution offers hands free operation and a crisp graphical user interface (GUI) - allowing maximum convenience.

▪ **All-in-one device** - The VeriCHECK M600 Hardware/ Software bundle is installed and ready to go. We will take care about the rest. We will convince you with simplicity.
